JAPAN TO PASS ON IMMIGRANTS

ONLY A FEW HUNDRED WILL BE ALLOWED TO LEAVE EACH MONTH.

TOKIO, October 27.—A delegate from the Japanese residents of San Francisco interviewed Foreign Minister Hayashi today and fully explained conditions in that city relative to the prejudice existing against Japanese. He pointed out that the feeling for exclusion was directed against the undesirable immigrant alone and that American employers welcomed honest Japanese laborers. He requested on behalf of his compatriots that the Foreign Office permit the emigration of 900 honest emigrants monthly through Seattle and San Francisco.

Minister Hayashi replied that at present it was advisable to limit emigration to half that number. He further assured the delegate that everything will be done to protect Japanese interests and at the same time emphasized the importance of stopping anything calculated to injure the traditional friendship of both countries. The Government would hereafter, he said, supervise the kind of emigrants allowed to go out.

When questioned if measures had been taken to secure the rights of naturalization for Japanese, Minister Hayashi replied that, as a Minister of his majesty's government, he will never encourage the alienizing of his subjects, but will insist on securing for Japanese rights equal to those granted subjects of other powers.

Minister Hayashi, continuing, said he hoped that after the return of M. Ishii, the commissioner sent to America to investigate the subject, and the receipt of his report, definite steps would be taken to find a solution of the situation in an amicable and satisfactory manner.

WILL NOT ACCEPT HEARST AS ALLY

ROOSEVELT REFUSES TO GIVE HIS APPROVAL TO THE NEW YORK DEAL.

WASHINGTON, October 29.—Every attempt that has been made by the friends of Herbert Parsons to obtain an endorsement of the New York fusion ticket from President Roosevelt has met with failure. It has been known before this that Parsons did not consult the President prior to making the Hearst deal.

Although Parsons or his friends may keep on trying to obtain aid and countenance from Roosevelt for their fusion with the Hearst element, they will not get either. Hearst today is just as much the pet abomination of Roosevelt as he was when the President asked his Secretary of State to exonerate the New York editor in a speech. Of course, Roosevelt cannot come out and denounce the Parsons-Hearst alliance publicly, but he has many ways of letting his views of the matter be known. He is too good a politician to stand for the unspeakable New York deal.

NEW RULE IN THE LAW LIBRARY

NO BOOKS TO LEAVE JUDICIARY BUILDING WITHOUT COURT'S PERMISSION.

Following is an order posted this morning at the door of the Law Library in the Judiciary Building, and is in pursuance to resolutions adopted last week by the Bar Association:

"In the Supreme Court of the Territory of Hawaii.

"Rule 13 is hereby amended to read as follows:

"13. LIBRARY.

"No book, pamphlet or magazine shall be taken from the library of this court, except for use in a court room within the Judiciary building, without the written permission of a justice of this court. Any person violating this rule shall be liable to suspension from the use of the library and shall make good all loss.

"Dated, Honolulu, Oahu, November 6, 1907.

"By the Court:

"J. A. THOMPSON,
"Clerk Supreme Court."

The order is the result of abuse of the privileges of the library by some members of the Bar, and specifically because of the action already taken against L. M. Strauss, who some days ago was denied all use of the library by special order on account of his failure to return a book taken out by him.

BRINGS STORY OF QUAKE AT SEA

AUSTRALIAN LINER REPORTS GREAT DISTURBANCE IN SOUTH PACIFIC.

VICTORIA, B. C., October 27.—When the Australian liner Miowera, which arrived today, was at Suva she spoke the Union steamer Laviuni, which reported having passed through a violent earthquake, when on her way from New Zealand to Suva. The sea heaved and toppled, and although the weather was perfectly fair, the vessel trembled from stem to stern, the passengers became terrified and their fears were only assuaged when the trembling movement ceased, after twenty seconds. It was several hours afterwards before the waters resumed their normal calm.

The occurrence is believed to have been a preliminary of the great earthquake recorded on all the seismographs in the world, said to have taken place in the mid-Pacific on the 18th instant. The Miowera brought forty-three Japanese to this port from Honolulu.

DELAYS WORK ON THE SHERIDAN

RIVETERS' STRIKE WILL NECESSITATE IMPORTATION OF MEN FROM THE EAST.

VALLEJO, October 28.—All hand riveters employed on the transport Sheridan at the Mare Island yard have struck, followed the refusal of Naval Constructor Holden A. Evans to grant a request that they be given piece work at \$12, \$15 and \$25 per hundred rivets. The men have steadily opposed the piece work schedule, and have been working on a per diem wage. During the past week the men have done little more than half the work they should have accomplished, it is alleged. On Saturday they presented a claim for a change to piece work at twice the scale adopted when the piece-work system was inaugurated. The demand was refused, and half the men quit. Sunday these persuaded the remaining riveters to walk out, although many were opposed to the plan.

The situation has been telegraphed to the Navy Department, and it is believed men will be rushed here from the East. Navy-yard officials say work will be delayed no more than three weeks.

RESERVE SUPPLY OF OIL SHORT

DEMAND FOR CALIFORNIA PRODUCT REPORTED IN EXCESS OF PRODUCTION.

LOS ANGELES, October 27.—California's reserve supply of oil is fast disappearing and despite the efforts on the part of purchasing companies to make it appear that there is an abundant quantity in storage, the fact has become known throughout the Bakersfield and Santa Maria districts that the many storage tanks, which some of the larger companies have been jealously guarding, are empty and some of them have never contained oil. There has been a united effort to keep to a minimum the price paid to producers in the independent class, and some of the independent wells have been tied up with contracts which call for their total production, at prices which a year ago would have been considered high.

The reason for the ease with which independents have been able to make seemingly good contracts of late is that some of the bigger contracting companies were far-sighted enough to see just the condition which now exists. That there will be a sharp advance in the prices is considered practically certain. The reason for the heavy decrease in the reserve supply is simply that California is using more oil now than ever before and the export trade has assumed unprecedented proportions.

The White Rock golf tournament is to be pulled off at Haleiwa next Sunday and a large crowd will go down to watch the players. This is to be the twenty-second effort some of the participants in the sport will make to win the cup. A KANSAS WALLACH ONE AMONG HUNDREDS

ANOTHER CHANCE FOR POLITICIANS TO PROMISE CURES OF AN INCURABLE DISEASE—MRS. LULA WEITZEL IS BETTER AND QUICKER THAN WALLACH, ACCORDING TO CLAIMS, BUT THE METHOD SOUNDS CHESTNUTTY.

Wallach may have a rival, provided Mrs. Lula Weitzel of Axtell, Kansas, has her way. She wants a chance to demonstrate her ability to cure leprosy, and she goes the female rock cyclist one better by offering to do the job in one month instead of six. Incidentally it may be mentioned that it is very unlikely that Mrs. Weitzel ever saw a case of leprosy in Kansas, if indeed she ever saw the disease anywhere. Following is a letter enclosing stamp for reply, received at the Governor's office this morning, accompanied by a circular, a copy of which is here reproduced:

"Axtell, Kansas,
"October 24th, 1907.

"Governor of Honolulu.
"Dear Sir:—To whom it may concern. I wrote you together with one President's Statement in regard to treating and curing leprosy and other diseases. I wish to state again I can cure these diseases. I will come and test my method. It is a sure cure and requires only one month's treatment together with a few months' restrictions afterwards. The day sweat is

my method which takes all impurities from the blood together with the herb teas taken in connection with it. Also an inhalations preparation. I do hope this matter will be taken under consideration and give me a chance immediately, and I hope by your permission and after a close investigation I may be permitted to cure these cases for you. With best regards for your country's welfare, I remain, yours for health.

ALAMEDA TOOK MANY PASSENGERS

OCEANIC LINER LEFT AT TEN O'CLOCK THIS MORNING FOR SAN FRANCISCO.

Seventy cabin passengers left in the O. S. S. Alameda this morning for San Francisco and the Oceanic boat went away deep laden, full of sugar and other island produce.

Governor Frear, en route to Washington and Mustogee, was most prominent among the departing. President Joseph Smith of the reorganized Church of Jesus Christ of Latter Day Saints, who has been here a month, was smothered in leis and was attended to the wharf by a crowd of the people of his church. He appeared deeply affected at leaving Honolulu and remarked that he never expected to take so long a journey again. On the wharf there were a hundred or so Saints, men and women and children, to give him aloha.

J. O. Carter, Mrs. Carter and Miss M. N. Carter, the H. P. Dodge's, August Dreier and Mrs. Dreier, W. G. Irwin, J. T. McCrossen, J. M. McKinnon of Bishop's bank, Major John M. Ruckman, Lieutenant George W. David, Attorney Frank Thompson and Mrs. W. F. Young and child were among those leaving.

Aboard the steamer J. A. Cummins astern of the Alameda a lot of Saints bid farewell to the venerable Joseph Smith.

Fifty steerage, among whom were many Spaniards, were taken by the Alameda.

One of the Supervisors stated yesterday that he thought that a salary for Brown would pass at the meeting tonight, with opposition on the part of Hustace.

COLBURN VS. DE BOLT

A large amount of comment has been excited among attorneys and others conversant with the R. W. Holt estate matter, by the open letter printed this morning in the Advertiser over the signature of John F. Colburn, in which he takes Judge De Bolt to task for his opinion in the matter of the accounts of Carlos A. Long, administrator. The interest in the matter arises from the fact that so far as could be observed during the hearing of the case, Colburn was desirous of just such a decision as Judge De Bolt gave. Colburn is one of the trustees of the estate.

Honolulu is full of a rumor that the second game between the Saints and the Keo University team resulted in a victory for the Saints by the score of 3 to 0. If this is true it means that a third game will have to be played with the Keo team for the championship. Each team has now won a game. The Keo team holds the championship

GETTING JURY FOR THE MORMON CASE

FIRST TRIAL OF THE PRESENT TERM OF THE UNITED STATES DISTRICT COURT.

All forenoon was taken up in the United States District Court this morning in getting a jury to try the adultery case against George Kekauoha, or the "Mormon case" as it has come to be called about the Judiciary building. The jury was secured just before the noon recess and the trial will proceed this afternoon. It promises to be a hard fought case, and will likely occupy several days.

As it finally stands, the jury is made up of the following persons: John Cassidy, S. A. Walker, Jack H. Myatt, E. A. McInerney, Alex. Garvie, William Pullar, John T. Moir, Wm. Chalmers, Wm. Lishman, Erling Mahlum, F. A. Mayfield and Samuel Parker. Unusual care was exercised in selecting the jury, and the jury panel was nearly exhausted before one satisfactory to both sides was secured. Assistant District Attorney Dunn, who is prosecuting the case, and A. Perry, who with W. T. Rawlins is counsel for the defense, put each jurymen through a searching list of questions. They were asked as to their prejudice in regard to Mormons, whether or not they had read the newspaper reports on the case yesterday, what they thought of Mormonism, their business relations with the attorneys on either side, and numerous other questions along these lines.

As was reported yesterday, the trial of George Kekauoha, is on charges of unlawful relations with a woman named Amla and with another named Kekauoha, making two indictments against Kekauoha and one each against the women. Poi Kekauoha, a brother of the prisoner now on trial, is also under indictment for perjury in regard to George Kekauoha's case before the grand jury, and there will probably be other perjury indictments in connection with the same case.

Kekauoha is the road supervisor at Laie, in the Koolaula district on the other side of the island, and the seat of the Mormon settlement. All of the parties indicted are members of this church, and it is alleged that the church is protecting them, and that word has been sent out that witnesses need not testify in court to certain things brought in meetings in the church in which the relations of the various persons under indictment were discussed, and the accused ones exonerated. This Mormon settlement is not the same as the Reorganized Church of Latter Day Saints, but is of the Brigham Young stock, whose predilection towards polygamy was once unquestioned, and has since been rather doubtful.

The four-masted bark Olympic is on the drydock to get new timbers put into her starboard fore-foot and to receive new coppering forward where her anchor and chain chawed her up a bit in the collision she had with a British vessel on the Chile coast not long ago. While discharging fertilizer at the railway wharf she was repaired on the port breast where she was lacerated by contact with the Britisher. The worms have been getting to her hull.

Of Japan, and the third game will be looked forward to with a good deal of interest, by everyone concerned.

ROSENBERG WINS THE FIRST ROUND

INDICTMENT OF THE ALLEGED FAGIN IS FOUND TO BE DEFECTIVE.

Jacob Rosenberg, the alleged Fagin, who is declared to have encouraged a gang of young boys to steal various kinds of junk which he purchased from them for a pittance of its real worth, and who was indicted on four charges by the Federal grand jury, and once by the Territorial grand jury, has scored the first point in the fight, through a technicality.

Judge Landay this morning sustained the motion made some days ago by E. C. Peters, Rosenberg's counsel in the Territorial case, on the grounds that the indictment did not state the value of the property alleged to have been stolen.

Thus the Territory's case against him is ended for the present, although it is understood that the grand jury, which is still in session will probably find another indictment, which will be drawn up a little more carefully than the last.

NAVAL WHARF IS BECOMING UNSAFE

JAR GIVEN BY BRITISH CRUISER MONMOUTH IS PARTLY THE CAUSE.

United States Naval Wharf No. 1 is weak and will have to be repaired. While it is not thought that the structure is likely to tumble under ordinary circumstances there will be no heavy weight of coal allowed thereon for the transports until the wharf has been overhauled.

The British cruiser Monmouth several months ago gave the wharf a knock that loosened a number of piles and since then the weakness of the wharf has been very noticeable, a slight bump from any vessel in docking having an effect by no means reassuring.
